

# GATOR SKIN

**AUTO BODY RUBBERIZED UNDERCOATING SPRAY**

PRODUCT CODE: 847

## DESCRIPTION AND PRODUCT BENEFITS:

GATOR SKIN is a quick-crack-sealer and patch, which lasts for years. Specially formulated to stop leaks and seal out moisture, GATOR SKIN prevents rust and corrosion. GATOR SKIN dries to the touch in one hour to a jet black colour, and can then be painted with solvent-based enamel. As a flexible coating, GATOR SKIN also deadens sound and reduces noise.

## DIRECTIONS OF USE AND APPLICATION:

1. Pre-clean the areas of application to ensure dirt, rust, and grease is removed. 2. Shake vigorously before use. 3. Hold the GATOR SKIN aerosol can 30 cm from the area of application. 4. Spray a thin even coat of GATOR SKIN, building up until desired thickness is achieved. 5. Remove overspray with a petroleum distillate dampened cloth. *Tips: To prevent clogging of the aerosol tip, turn the can upside down and depress the aerosol tip for 2 seconds periodically, then wipe the aerosol tip clean.*

## PRECAUTIONS:

Do not mix with other chemicals. Keep from freezing.

## HEALTH & SAFETY INFORMATION:

For further information on the safe handling, storage and precautions for use of this product, consult the Safety Data Sheet. Keep out of reach of children.

## DISCLAIMER:

As the actual conditions of use are out of our control no liability is accepted for any loss or damage caused directly or indirectly through the use of our products. Intending users should satisfy themselves, by carrying out appropriate tests, as to the suitability of this product for any particular purpose.

## TYPICAL DATA:

**APPEARANCE:** Black liquid aerosol.

**ODOUR:** Petroleum.

**FLAMMABILITY:** Extremely flammable.

**FLASHPOINT:** -104°C

**SPG:** ~0.86
